

Why Carnahan Risk Solutions?

1 Because every business owner thinks "I'm fine"...until there's a claim!

There are gaps in many insurance policies. What we do is make sure all relevant gaps are covered, eliminated or avoided.

The bottom line? With proper planning, you can cut your costs!

That's what we call The Value of Carnahan Risk Solutions!

"I selected Carnahan Risk Solutions because they are proactive and know how to help us lower our risk and costs. I want to work with someone who understands my company's best interests."

– Johnny Balderrama
JRM Construction

"I thought all business insurance was the same before I met with you. You showed me how I could reduce costs for my business and give me more peace of mind. I can see why successful business owners want to work with you."

– Vanessa Van Cleave, CFO
Global Food Products, LTD

"I spend so much of my day dealing with problems. Carnahan Risk Solutions – with their business and insurance knowledge – helps me avoid having any problems with my insurance."

– Ken Schulmeier
Elgin's Heating and Air

For most businesses, insurance is something they'd rather not revisit – a conversation they'd rather avoid.

Most current Carnahan Risk Solutions clients tell us they once felt like that, too.

Just as the wrong accountant can hurt your wallet, the wrong insurance coverage can be doing your business a disservice now, and can cause even more damage when a claim happens!

That's when you'll discover that insurance is not just insurance.

Carnahan Risk Solutions is dedicated to helping clients in a range of industries throughout the state of Texas.
